### CLIENT TESTIMONALS

“Graco Studios has worked in partnership with Shadowhawk Entertainment for a number of years, and during that time we have developed a strong working relationship built around a shared ambition to create, develop and pursue new opportunities within the entertainment and production industries.

What we value most about working with Shadowhawk is the collaborative approach they bring to a project. We can sit around a table, explore an idea, challenge it, develop it and work out how we can collectively bring the right people, facilities and experience together to make it happen.

Our relationship has grown well before individual projects. By combining Shadowhawk’s experience across entertainment, development and industry relationships with Graco Studios’ production expertise and facilities, we have been able to pursue opportunities that neither business would necessarily approach in the same way independently. Anthony and the wider Shadowhawk team have always been open, ambitious and willing to explore new ideas. That willingness to collaborate is something we greatly value.

CLIENT TESTIMONALS

For us, that is what a good business partnership should be. Different strengths, shared opportunities and a genuine desire to see both businesses succeed. We look forward to continuing our partnership with Shadowhawk Entertainment and seeing where the next project takes us.

Colin Mulcahy, Graco Studios (2026).

"We wanted to create an animated video promoting and explaining our community mediation services. The Shadowhawk team were so helpful throughout the process of refining our ideas and making sure the video represented our values. They cheerfully took all of our feedback on as we moved from a draft concept to the final video, for example redrawing the houses to make it look more like Ballymun. They offered advice to us that really helped us hit the right note throughout the video. We were happy to work with them and would highly recommend them.".

Claire McSweeney, Ballymun Community Law Centre (2022).

"Working with Shadowhawk has been easy and smooth throughout the whole process. We aligned pretty quickly on how they could meet our specific needs, and they gave great and quick input on the questions we had. During the day of shooting and the process that followed immediately after, we were very happy with the photographer, Katie, who worked both independently and was quick to take directions - as well as also giving and taking suggestions. All in all, a great collaboration from beginning to end!".

Rie Jochumsen Wonsbeck, Kevin Murphy (2022).

"I have worked alongside Anthony Whelan and his team at Shadowhawk Entertainment for a number of years on the Otherworld Festival Committee whereby Anthony project managed specific activities at the Festival. Anthony has a great creative flair and always brings a lot energy to the Festival Experience. I have enjoyed the collaborative experience to date. I would recommend Shadowhawk to anyone looking to add value to their event".

Ciaran Mahony, Dublin City Council (2019).
